Caution

Cold or moderate climate vehicles may have a coolant auxiliary heater system installed. In such cases, applications with the * marked engines may require an alternative glow plug arrangement (possibly multiple types of plugs on one engine). In case of doubt, please check and consult the Technical Overview table (See Page 493) before ordering.

D

Achtung!

Fahrzeuge, die in kalten oder gemäßigten Klimazonen betrieben werden, sind eventuell zusätzlich mit einem Kühlwasserheizsystem ausgestattet. In diesem Fall kann es sein, dass bei den mit * gekennzeichneten Motoren eine alternative Glühkerzenanordnung erforderlich ist (möglicherweise mehrere Glühkerzentypen am gleichen Motor). Beziehen Sie sich im Zweifelsfall auf die technische Übersichtstabelle (Siehe Seite 493), bevor Sie eine Glühkerze bestellen.

F

Avertissement :

Un système de chauffage du liquide de refroidissement peut avoir été installé sur des véhicules destinés à circuler dans les climats froids ou modérés. Dans de tels cas, les applications dont les moteurs sont accompagnés d'un * peuvent exiger un autre système de bougies de préchauffage (peut-être des types multiples de bougies sur un seul moteur). En cas de doute, avant de passer la commande, veuillez vérifier et vous référer au tableau général technique (Voir page 493).

E

Aviso:

Los vehículos en climas fríos o templados podrían llevar un sistema de calentamiento del refrigerante instalado. En estos casos, las aplicaciones con los motores marcados con asterisco (*) podrían requerir una disposición diferente de las bujías de incandescencia (posiblemente tipos múltiples de bujías en un mismo motor). En caso de duda, se ruega comprobar y consultar la tabla Compendio técnico (Véase la página 493) antes de efectuar el pedido.

I

Attenzione:

Nei veicoli destinati a climi freddi o moderati può essere installato un sistema di riscaldamento del refrigerante. In tali casi, nelle applicazioni con i motori contrassegnati da *, le candele possono essere disposte in modo diverso (possibilmente con più tipi di candela per motore). In caso di dubbi, prima di ordinare, vi invitiamo a controllare e a consultare la tabella Panoramica Tecnica (Vedere a pagina 493).

SE

Varning:

Fordon som säljs i länder med kallt klimat kan ha motorvärmare som värmer kylvätskan. I dessa fall kan krävas andra glödstift för modeller som har motorer markerade med * (eventuellt olika typer av glödstift i samma motor). Se tabellen i Teknisk översikt (Se sid. 493) innan du beställer om du är osäker.

PL

Ostrzeżenie:

Pojazdy eksploatowane w klimacie umiarkowanym oraz zimnym mogą być wyposażone w nagrzewnicę cieczy chłodzącej. W takich przypadkach, rozwiązania przeznaczone dla silników oznaczonych * mogą wiązać się z koniecznością zastosowania alternatywnych konfiguracji świec żarowych (np. świece różnych typów montowane w jednym silniku). W przypadku wątpliwości, przed złożeniem zamówienia należy zapoznać się z informacjami zawartymi w w tabeli Ogólnych informacji technicznych (Patrz str. 493).
